

# VEGA®

## INTELLIGENT HYDRAULIC CYLINDERS

Vega is specialised in the design, production, sale and technical support of Hydraulic Cylinders for application on plastic injection and die-cast moulds.

### Why we recommend using Vega?

- User friendly website
- Online CAD files
- Local technical support
- European Manufactured Quality Parts
- Complete product traceability
- Vega only manufacture hydraulic cylinders for moulds
- Competitive pricing
- Easy to source spare parts
- Customer focused maintenance videos

The screenshot shows the Vega website interface. At the top, it displays the Vega logo and the tagline 'Intelligent Hydraulic Cylinders'. The navigation menu includes links for 'ABOUT US', 'PRODUCTS', 'SPARE PART', 'SIMPLICIUS', 'CONFIGURATOR', 'CATALOGUE', 'ECOMMERCE', 'SALES NETWORK', and 'HELPDESK'. A search bar is located on the right. Below the navigation, there are social media icons for LinkedIn and Facebook, and a 'blog' icon. The main content area features a large image of a 'Self-Locking Cylinders V260CF' with a navigation bar below it. To the left, there is a 'NEWS' section with two articles: '17/10/2017 - 21/10/2017 FAKUMA - International trade fair for plastics processing' and '29/05/2018 - 01/06/2018 PLAST 2018 international exhibition for plastics and rubber industries'. To the right, there is a 'LAUNCHPAD' section with three buttons: '2D & 3D', 'Purchase Condition', and 'Sales Conditions'. The footer of the screenshot contains the text: 'Why Vega Hydraulic Cylinders Are Different From Others... Vega is specialised in the design, production, sale and technical support of Hydraulic Cylinders for application on plastic injection and die-cast molds. Vega's strategy consists in providing application-oriented solutions, rather than simple products. Such an approach implies understanding and satisfying the specific needs of the different professional subjects that orbit the world of moulds - Mold Designers, Mold-making Companies, Molders - by means of an accurate custom-made service. Everyone shall get the appropriate instruments. read more »'
